MAX Advantage - League Bonus Pools

The two highest finishing GOLD, SILVER, & BRONZE level players split that pool regardless of what place they finish as a team.

The key word is "HIGHEST FINISHING" player in the bonus pool

Each pool is split between the "TWO HIGHEST FINISHING" players

e.g. 2 Gold, 2 Silver, and 2 Bronze players will earn bonus money

Player must have completed 75% of the matches in the league to qualify

If no players in a level, that pool is distributed to the other pools

Scenarios:

#1

1st place team guaranteed to be "Highest Finishing" players and are guaranteed a share of their individual bonus pools

These examples based on league with 8 teams

e.g if both are gold, then they split the \$300

One Gold and one Silver, the Gold gets \$150 and Silver gets \$100

One Silver and one Bronze, then Gold moves down to next highest

etc. so forth and so on...

#2

Player X is the only Bronze=wins the entire pool even in last place

Same applies to all pools

#3

League is All GOLD level players

1st place team gets Gold Bonus of \$300

2nd place team gets Silver Bonus of \$200

3rd place team gets Bronze Bonus of \$100

#4

No Players in a certain level

No GOLD level players = \$150 added to Silver & Bronze pools

No SILVER level players = \$100 added to Gold & Bronze pools

No BRONZE level players = \$50 added to Gold & Silver pools
